FROM JCS

1. JCS desire you commence immediately to conduct military air transport flight above ten thousand feet altitude to and from Berlin via selected air corridors. This should be done openly in normal fashion following regular procedures and without any attempt to draw specific attention to the action.

2. Flights should be on random schedules several times a week. Report Soviet reaction or lack of reaction at once on each flight. In event of active aerial opposition cease flights and report.

3. Advise Canadian, British and French military at proper level and Federal Republic if you consider desirable.

4. Advise date you plan conduct first flight prior to dispatching. We recognize your need to take advantage of good weather may preclude this advance notice.
